# Above Us Only Sky

## LYRICS SHEET

**Streets of hope connect us, they guide us safety home  
To Penny, Parr and Matthew, you'll never walk alone**

**Imagine all the people, giants standing tall  
The birds are watching over us, to catch us when we fall**

**Tracks and tides are shaped by time, along the river of light  
Rising up together by day and hard day's night**

**Come together, when life is rough  
You just need love 'cause love is enough  
Paint this city blue and red  
It's in the blood, born and bred**

**Above us only sky, Above us flying high  
Above us reason why we are together**

**Composed by FHS Music students with Mr Cook and Mr Heatherington**
